

Who Cries Shame

Claudia Scott

I know what you've heard
I'm not your kind of girl
I've been around just like you
So leave your dreams
And face the truth

Oh, this is just a game
Oh, life is not the same
You're a man, I'm a woman
So who cries shame

Who cries shame
Who cries shame

So where does this leave me now
We get along it seems somehow
You say you want our love to last
But can't accept I've had a past

Oh, this is just a game
Oh, life is not the same
You're a man, I'm a woman
So who cries shame

Who cries shame
Who cries shame
