

Into the Abyss

Claudia Scott and Karen Green

Into the abyss we faltered and fell
One throwaway line
One kiss and tell
A jab to the heart
A moment to sever
All warm whisperings
All talk of forever

Tell me what it was I said
It's but a slip of the tongue
From silence to bed
Up go the walls
And on with the storm
So strong for a framework
So hastily formed
We faltered and fell
Into the abyss
I threw you a lifeline
A hanky
A kiss....

Tell me what it was I said
It's but a slip of the tongue
From silence to bed
Up go the walls
And on with the storm
So strong for a framework
So hastily formed
We faltered and fell
Into the abyss
I threw you a lifeline
A hanky
A kiss....
