

On And On

Chocolate paper, cigarettes
Throwaway words
You just forget
TV's on, no-one's home
Sister wont you throw
That dog a bone

Ash on the table
Water spill
Spider going for the kill
Fly in the web
Struggle for life
Time is now
Don't you forget it

Laugh out loud
And love a friend
Wishing it will never end
On and on until we die
And reach for the heavens
And touch the sky

Follow the sound
stay out all night
Don't come home
Until the morning light
Round and round
Jamming in a room
Time to go
But I don't wanna

Laugh out loud
And love a friend
Wishing it will never end
On and on until we die
And reach for the heavens
And touch the sky
