

Mr. Bones

(Hadley, Olney, Welch, Scott)

Take these eyes to see the world
Take these legs for walking
Take this mind and dream the dream
Ears to hear the song

Take this heart to keep the beat
Take this voice for singing
Take it all and don't come back
Till you've seen Mr. Bones

Keep the river on your right
Follow it till morning
Beware the angels on the road
They'll try to steer you wrong

Now leave the path you left behind
Walk the path before you
And if you lose your way tonight
Call on mr. Bones

Take the sun in one hand child
Full moon in the other
Let the stars above you head
Circle like a crown

Take this song for what it's worth
Maybe it's worth nothing
It's just a foolish drinking tune
I learned from mr. Bones
