

## Back To You Again

I can't go back to where I've been  
Can't turn 'round, after what I've seen  
You took me here, then you shook the tree  
Opened my eyes and made me see

*Someday, maybe you and I can be friends  
But I can never, go back to you again*

How can a blind man see the road ahead  
I gave my heart too soon, and lost my head  
If love to you is just a line  
Then why go waisting my precious time

*Someday, maybe you and I can be friends  
But I can never, go back to you again*

All the secrets and all the lies  
How could you live with all your alibies  
When you baby cries and everything dies

*Someday, maybe you and I can be friends  
But I can never, go back to you again  
Someday, maybe you and I can be friends  
But I can never, go back to you again  
Go back to you again, go back to you again*
