

# Wasn't It Enough

I am surprised  
How could you be so weak  
You were so strong when you were young  
Where's that strength now

Was it comfortable to just fall down  
Was it an act of love  
He ridiculed you, patronised you  
Wasn't it enough

How can you be to blame  
You gave so much  
Though all in vain  
But there's a time to rise  
And a time to surprise  
Surprise him

Yeah, there's a time to rise  
And a time to surprise  
Surprise him  
Surprise me
