

THE DEVIL'S HOUSE

(Belcher/scott)

I live in a house
On top of a hill
I've been here for years
And I'm here still
And I watch you every day you go by
Every day of my life

And the rain pours down like tears
From the coal black clouds my dear
Onto the devil's house

Well, I've done things that I don't understand
I've been confused, but I worked and I planned
Then along came a girl with a pretty smile
And before you know it, you're already mine

And the rain pours down like tears
From the coal black clouds my dear
Onto the devil's house

I live in a house
On top of a hill
I've been here for years
And I'm here still
And I watch you every day you that goes by
Every day of my life
